## THE GLEANERS' SOCIETY

held their annual entertainment in the parlors of Fort street Church on Thursday evening. According to promise the entertainment begun punctually at 7 o'clock by a very pretty piano duet by Miss H. Dickson and H. Hillebrand. Then came a recitation by Mrs. W. Hopper, which we could not hear owing to the noise of people talking at the doors and moving about. Miss C. Castle played Schult's Slavonic song as a pianoforte solo to the great satisfaction of the audience, who would have liked to have heard it a little longer. Then came the event of the evening, the Fan Drill, by ten little Kate Greenaways, from 3 to 8 years of age, five dressed in pink and white and five in blue and white. Miss Sarah King superintended the drilling, and Miss Mossman played the musical accompaniment. So great was the desire to see the beautiful and bewitching sight that many people got up from their seats and crowded forward to obtain a better view. The coquetry of the movements of the little darlings was both surprising and enchanting. Miss King deserves great credit for the perfection which they attained in only one month's practice. Seven of them were from the Kindergarten and three from Fort street School. After this came a vocal solo, "Kisses tell the tale," from Mrs. Cruzan, which struck home to all hearts and was vigorously applauded. Mrs. Adams gave a recitation from Henry VIII., which was well received. The quartette, which ended the programme, was next given.

After this the screens were drawn aside, and the business of the evening commenced. Cakes and coffee, ice-cream and sandwiches filled up the void pleasantly, and fortified one for a stroll round the fancy table, the doll table, the candy stand and the flower table. Many purchases were made, and social conversation and fun indulged in till about 10 o'clock. The receipts amounted to over \$500.

## THE ANNUAL MEETING

of the Y. M. C. A. was held on Thursday evening in the Bethel Vestry. After the introductory prayer the minutes of the last meeting were read and confirmed. Balloting for officers for the ensuing year took place with the following result: A. F. Judd, President; C. M. Cooke, Vice President; F. J. Lowrey, Secretary; T. G. Thrum, Treasurer; T. H. Davis and H. Waterhouse, Directors. The retiring Treasurer Mr. F. Eckley read his report from which it appeared the balance in hand was \$55.49 but with an outstanding account and subscriptions this would be reduced to about \$5. It was accepted and filed. Owing to the Secretary stating that no papers of previous years could be found the President asked that all persons having records or papers belonging to the Association hand them in as soon as possible.

The Recording Secretary then read his report from which it appeared that 10 monthly, 1 annual, and 3 special meetings had been held during the year and that the average number in attendance was 32. Twenty-eight new members had been added during the year, one had withdrawn and two had been removed by death.

He also made an eloquent appeal for the appointment of a General Secretary.

It was passed that all the papers, addresses, &c., relating to this annual meeting and the dedication of the building be edited by Captain Bray and published as a special supplement to the *Friend*. Votes of thanks to Miss Jennie Parkes for her services as pianist during the past year, to Mr. Duncombe and r. Damon, and to Mr. A. Dickson for his gift of a Bible Gallery, illustrated by Dore, were then passed. Messrs. Thrum and W. W. Hall were appointed as Furnishing Committee for the new building, and the meeting closed after a prayer from Dr. Damon.

## THE NAYEZDNIK

is a composite-built steam corvette, of 1340 tons burthen and 250 horse-power nominal (1700 horse-power indicated.) Her length is 214 feet, beam 32 feet, and she has 15 feet below the water-line. Her armament consists of 7 guns (4 10 7-centimetre and 3 large 6-inch), 4 Hotchkiss mitrailleuses, 1 Armstrong and 1 torp-do gun. The charge for the large guns is 20 lbs. powder and a shot weighing about 112 lbs.; for the small guns, 5 lbs. powder and a 25-lb. shot. She carries Whitehead torpedoes.

She was built in 1879, and this is her second commission. She left Russia on the 25th of last July and spent three months in the Mediterranean, arriving off the coast of Egypt just after the bombardment of Alexandria, and remaining there till the close of the war. She will proceed on her way to Hongkong some time next week, where she expects to meet Admiral Kopitoff, now on his way from Sydney to Hongkong. She will then proceed to the Japanese station, and remain there the balance of her three years' commission. She is to be followed here by the Skobeleff, a much larger corvette carrying 8 guns.

Her highest speed is 13½ knots, and she made the fastest passage under sail from Valparaiso here—36 days. On her former commission she went from the Cape of Good Hope to Batavia under sail in 28 days. The pyroxylene used in the torpedoes is of Russian manufacture. The torpedoes were manufactured in the arsenals at Kronstadt under the supervision of Engineer Ivanoff and Lieutenant Niedermüller, who have received many premiums for the improvements they have made in these modern engines of warfare. The guns are also of Russian manufacture, by Obukoff. She carries a 9000-candle-power electric light forward on the system of Siemens and Halski, worked by a Dolgoroukoff engine of 8 horse-power. The glass diffuser in front is in concentric circular prisms, on the system of Flanoul.

Altogether the Navezdnik is well-fitted with all the newest appliances, and under her present captain and officers will, no doubt, do good service for her country.

## SHIPPING NOTES.

On Thursday afternoon as the schooner Uilama was coming alongside the Leipsic with coal she broke her topmast against one of the foremast yards of the Leipsic.

The cabin of the D. C. Murray is being thoroughly repaired, renovated and refurnished. The saloon has been repainted, etc., and the whole indicates great care on the part of the owners and Captain for the wants of intending passengers.

The tern J. C. Ford, Capt. Griffiths, arrived yesterday, 15 days from San Francisco.

The Ehukai brought 396 bags of sugar, 385 bags paddy, and 50 bags of corn.

The Lizzie Marshall brought 43,000 ft rough lumber, 94,316 ft dressed do., 25,000 laths, 125,225 bundles shingles.

The schr Parallel, from the Sound, took to Anahola 100 kegs nails, 120,000 ft r w lumber and 10,000 r w posts.

The bkne Ella will afford as good accommodation as any passenger to San Francisco would want. We recommend our readers to look at her. They will find the captain most obliging.

## EMMA SQUARE CONCERT.

The Band will give a concert at Emma Square this afternoon, commencing at 4:30 o'clock. The following is the programme:

Overture—Fra Diavolo.....Auber  
Ballad—Day of Judgment.....Sphneider  
Chorus—The Lombardians.....Verd  
Selection—The Sonnambula.....Bellini  
Waltz—Blue Danube.....Strauss  
Polka—Singers Pleasure.....Strauss

## LOCAL & GENERAL ITEMS.

The Navezdnik is now being thoroughly cleaned in expectation of visitors.

LADIES will do well to go to the sale at Davies & Co's salerooms this morning. So will everybody else.

The Band Concert on Thursday night was excellent but the attendance was small owing to the other attractions.

THERE will be an English Sermon at the Roman Catholic Church to-morrow, at 10 a. m. Subject: "The Sacraments."

Mr. Cruzan will preach Sunday evening upon "The Workingman's Friends." The usual services Sunday morning.

TWENTY-THREE Chinamen were arrested at the Quarantine Station, Kakaako, yesterday afternoon, for disobeying orders.

It is possible that the Captain of the Navezdnik will hold a torpedo practice if His Majesty desires it during his visit on board.

A gentleman's coat was found outside Fort Street Church on Thursday night. The owner will find it at Mr. Weight's opposite Dr. Brodie, on Fort street.

J. M. Oat jr. & Co., have just opened a new lot of goods per Suez including stationery, blank books, plaques for wall decoration, gold pens, etc. Call and see them.

The Rt. Rev. Bishop Willis will preach at St. Andrews' Cathedral to-morrow morning. The Rev. Geo. Wallace will preach at the Evening Service on "The Law of Truth."

CAPTAIN BRAY of the Morning Star is going on a visit to his home in the East in June after the Morning Star's departure. The Morning Star will sail in charge of her former first mate Mr. G. F. Garland.

To-night, or rather early to-morrow morning, an eclipse of the moon will take place. The moon will enter the shadow about half an hour after midnight. The middle of the eclipse takes place about 7 minutes past 1, and the moon will leave the shadow about a quarter to 2 o'clock.

In our yesterday's issue we published the following statement: "The three Chinese witnesses that occupied the attention of the Court from 10 a.m. until 4 p.m. afforded their countrymen an opportunity of hearing how grossly the truth can be perverted even by members of the Chinese Church." We have since learned that they were mistaken in saying that they were members of the Chinese Christian Church and we regret exceedingly that we should have thus cast an uncalled for aspersion on that Church.

Mr. J. L. Richardson, of the Waianae Plantation, sent up the following particulars of the accident which occurred at the plantation yesterday: A train of 11 cars were conveying the men to work when one of the Chinese fell off and the car ran over and broke his arm; he is also considerably bruised and scratched about the body and face, by the axle-box. He worked on the plantation some years ago, but went to China and brought out some friends, and had resumed work only four days ago. The Mokoli brought the man to Honolulu yesterday morning, when he was taken to the Hospital, and at last accounts we hear he is doing well.
